Monthly performance comment
※In December 2022, compared to December 2021, the number of weekends and holidays was the same excluding December 31st. In the jewelry business, although sales of fashion jewelry remained at the same level as the previous year, sales of all stores and sales of existing stores fell below the previous year due to sluggish sales of bridal jewelry. E -commerce sales continued to perform well, with double-digit growth year-on-year.

## - NOTES

©An existing store is defined as the store that has been operating since the same month in the previous year ©E-commerce sales are not included in "Alll store sales" and "Exsiting store sales".
