2. Purpose and reasons for disposal

YONDOSHI HOLDINGS has introduced a Share Grant Trust for Officers (“Share Grant Trust” in accordance with a trust (“Trust”) established pursuant to a trust agreement (“Trust Agreement”) concluded with Resona Bank, Limited) for directors (excluding directors who are Audit and Supervisory Committee members) and directors who are Audit and Supervisory Committee members (excluding outside directors) of the Company, as well as directors and corporate auditors (excluding outside corporate auditors) of major group companies of the Company (“Eligible Subsidiaries;” the Company and Eligible Subsidiaries collectively referred to as “Eligible Companies”).

The introduction of the Share Grant Trust was approved at the Company’s 68th General Meeting of Shareholders held on May 17, 2018, and the Eligible Subsidiaries’ respective General Meetings of Shareholders held by the end of May 2018. A partial revision and continuation of the Share Grant Trust was approved at the Company’s 71st General Meeting of Shareholders held on May 27, 2021. (For an overview

of the Share Grant Trust, see “Notice Concerning Partial Revision to Stock Compensation Plan for Directors (Excluding Directors who are Audit and Supervisory Committee Members) and Directors who are Audit and Supervisory Committee Members” released on April 12, 2021.)

At the Board of Directors meeting held today, YONDOSHI HOLDINGS decided that with the continuation of the Share Grant Trust, in order for the Trust to acquire the shares that are expected to be necessary for future benefits, the Company will make an additional monetary contribution to the Trust (“Additional Trust”), and dispose of treasury stock to Custody Bank of Japan, Ltd. (Trust Account), the re-trust trustee of Resona Bank, Ltd., the trustee of the Trust.

The number of treasury stock to be disposed of shall be determined in accordance with the officer share grant rules established by each of the Eligible Companies, and equivalent to a portion of the number of shares expected to be granted for the 76th fiscal year (from March 1, 2025 to February 28, 2026), which is 0.13% of the 24,331,356 total number of shares issued and outstanding as of February 28, 2025 (0.15% of the 215,324 total number of voting rights as of February 28, 2025) each rounded to the second decimal place. YONDOSHI HOLDINGS believes that THE Share Grant Trust will lead to an increase in the Company's corporate value over the medium to long term and that the number of treasury stock to be disposed of and the scale of dilution caused by the Disposal of Treasury Stock are reasonable, with the impact on the secondary market expected to be minimal.

3. Calculation basis for the disposal amount and specific details

The objective of the Disposal of Treasury Stock is to continue the Share Grant Trust. The disposal price is set at ¥1,738 the closing price of the Company's common shares on the Tokyo Stock Exchange on the business day immediately prior to the date ("July 9, 2025") of disposal resolution by the Board of Director ("Date of Board Resolution") to eliminate arbitrariness.

The closing price of YONDOSHI HOLDINGS' shares on the Tokyo Stock Exchange on the business day immediately prior to the Date of Board Resolution is being used because it is considered reasonable while properly representing the Company's corporate value in the stock market.

In addition to adopting the closing price on the business day immediately prior to the Date of Board Resolution, there is a variance of up 0.64% in the disposal price from the average closing price of ¥1,727 (rounded down to nearest whole yen) in the one month prior to the Date of Board Resolution (from June 10, 2025 to July 9, 2025), a variance of down 0.17% in the disposal price from the average closing price of ¥1,741 (rounded down to nearest whole yen) in the three months prior to the Date of Board Resolution (from April 10, 2025 to July 9, 2025), and a variance of down 3.01% in the disposal price from the average closing price of ¥1,792 (rounded down to nearest whole yen) in the six months prior to the Date of Board Resolution (from January 10, 2025 to July 9, 2025) with all variances rounded to the second decimal place. Taking the above into consideration, we have determined that the disposal price of the Disposal of Treasury Stock does not particularly favor the planned recipient (subscriber).

Of note, the Audit and Supervisory Committee (comprising three members, two of whom are outside directors) has expressed its opinion that the above disposal price does not particularly favor the planned recipient (subscriber).

4. Matters relating to procedures under the Code of Corporate Behavior

The disposition of treasury stock does not require the acquisition of an opinion from an independent third party or require procedures for confirming the intent of shareholders, which are provided for under Article 432 of the Securities Listing Regulations of the Tokyo Stock Exchange because (i) the dilution ratio is less than 25% and (ii) the disposition does not involve a change in controlling shareholders.
